## Software Developer

📞 210-204-6400  ✉ eleanor.ellingson@gmail.com  in eleanor-ellingson  ⭘ EleanorEllingson

Experienced professional who makes things happen by combining the ability to see the big picture while remaining detail oriented. Through building several websites and a shopping-cart application, discovered a fascination for technical problem-solving. Seeking to expand software development skill-set and eventually combine technical and soft skills in project management.

## Technical Skills

| | | |
|---|---|---|
| HTML | Paired Programming | MySQL |
| CSS | VCS with Git | Spring |
| JavaScript | Test-Driven Development | Object-Oriented Programming |
| BootStrap | Thymeleaf | Java EE (Servlets, JSP) |
| jQuery | Java SE | |

## Development Projects

**Movies Application**

JQuery project allows the user to search through a database of movies from an API, review and rate the movie, and sort and filter though movies. The layout was created with CSS and BootStrap and the movie posters came from the API.

**Coffee Project**

JavaScript web application that allows users to navigate through the stock of a mock coffee shop. Users are able to add, edit, and delete types of coffee.

**AdLister**

Full stack web application that allows users to search, edit, add, and delete ads. The application also includes secure password protection and password recovery.

**Capstone Project**

## Professional Experience
